## TEAM SUTI PARTICIPATES IN LOCAL FUNDRAISING RACE

**Newport Beach, Ca.**— Select University Technologies, Inc. (“SUTI”) a Newport Beach based research and development firm, which takes leading University research and launches new products based on developed technologies, participated in this year’s Susan G. Komen Race for the Cure with a team of 35 employees and their family members. The Team members walked or ran the 5K race around Fashion Island on September 23<sup>rd</sup> while raising more than \$1,000 for the breast cancer research foundation.

SUTI supported its employees by arranging the Team’s participation as well as supplying the Team t-shirts. The participants were from all areas of the company, which commercializes innovative technologies and supports the portfolio companies in a for-profit incubator setting.

Laura Clagett, Trade Show Coordinator for SUTI, led Team SUTI by finishing the race in 28 minutes. Of the experience she said, “It was fun to be a part of such a great event. We all felt good about giving back to the community.”

The Race for the Cure and the Komen Foundation are the world's largest grassroots network of breast cancer survivors and activists fighting to save lives, empower people, ensure quality care for all and energize science to find the cures. They have invested nearly \$1 billion becoming the largest source of nonprofit funds dedicated to the fight against breast cancer in the world. The Komen Orange County Affiliate has been making strides in the community since 1991. The Affiliate is proud to have raised nearly \$15 million on behalf of the Komen promise.
